Notice Concerning Transfer of Assets

NIPPON REIT Investment Corporation ("NIPPON REIT") announces that SBI REIT Advisors Co., Ltd. ("SRA"), which is entrusted to manage the assets of NIPPON REIT, made decision today on the transfer of assets (the "Transfer") as follows.

1. Overview of the Transfer

Prop. # (Note 1)	Real Estate in Trust (Property Name)	Location	Purchaser	Scheduled Contract Date	Scheduled Transfer Date	Broker age	Scheduled Transfer Price (¥ mm) (Note 2)	Assumed book value (Note 3)	Difference between scheduled transfer price and assumed book value (¥ mm) (Note 4)
A-74	REID-C Iidabashi Building	Chiyoda -ku, Tokyo	Not disclosed (Note 5)	July 30, 2025	August 29, 2025	Yes	1,330	1,229	100
A-75	REID-C Gotenyama Building	Shinagawa -ku, Tokyo					1,170	1,090	79
Total							2,500	2,319	180

Note 1: "Prop. #" is the number of each property in accordance with each asset type designated by NIPPON REIT. Capital letter of "A" represents office, "B" represents residence and "C" represents retails and other properties, and the same shall apply hereinafter.

Note 2: "Scheduled Transfer Price" refers to the price of Trust beneficiary interests in real estate on sales agreements of Trust beneficiary rights in real estates, which does not include consumption tax, local consumption tax, various expenses required for the Transfer and is rounded down to the nearest million yen. The same shall apply hereinafter.

Note 3: "Assumed book value" is the assumed book value as of the transfer date, which SRA calculated based on the book value as of the end of the 25th period (ended December 2024), capital expenditure and depreciation cost that are expected until transaction date. It is rounded down to the nearest million yen and the same shall apply hereinafter.

Note 4: "Difference between Transfer Price and Assumed Book Value" is the difference between the scheduled transfer price and the assumed book value. The amount may not be the same as the actual gain (loss) on transfer.

Note 5: Not disclosed because consent has not been obtained from the purchaser. It is a domestic company and does not fall under the category of interested persons under the Article 201 of the Act on Investment Trusts and Investment Corporations and Article 123 of the Order of Enforcement thereof, as well as of interested persons stipulated in the Asset Manager's internal rules, "Rules on Transactions by Interested Persons".

2. Reason for the Selecting the Transfer Properties

Aiming to improve the quality of its portfolio, NIPPON REIT is pushing forward with the replacement of assets as part of its growth strategy. In concrete terms, NIPPON REIT has been proceeding in stages to sell properties that have limited growth potential, mainly due to their age, and instead acquire fairly new buildings that are relatively inflation-resistant and have promising prospects for growth. Fairly new properties make it possible to increase cash on hand because it tends to be possible to record large amounts of depreciation whereas capital expenditures are comparatively reduced. By appropriating free cash flow generated in this manner for strategic added value renovations of existing properties, NIPPON REIT plans to accelerate internal growth and improve the NOI of its entire portfolio.

As a tiering project, SRA annually evaluates properties in light of the characteristics of properties, profitability and construction and categorizes all of the properties into three tiers. This is used to formulate and implement efficient capital expenditure plans and to consider the sale of properties with an eye on the movement of the real estate leasing market.

The office properties scheduled for Transfer were selected in consideration of their limited growth potential due to their being over 30 years old and the anticipated increase in capital expenditures, etc. in the future. After a comprehensive review of future internal growth potential, NIPPON REIT decided that the termination of the management of the properties scheduled for Transfer and the realization of unrealized profit at this time would contribute to the maximization of unitholder value.

3. Summary of the Transfer Properties

4. Explanation of matters stated in “3. Summary of the Transfer Properties”

- “Location (indication of residential address)” is the indication of residential address of the Property. In addition, if there is no indication of residential address, the building location in the registry (if several, then one of the locations) is stated.
- “Parcel number,” lot number in the registry (if several, then one of the locations) is stated.
- “Building coverage ratio” and “floor area ratio” of land are, in principle, the figures provided in accordance with related laws and regulations, such as the Building Standards Act and the City Planning Act and rounded to the nearest whole number. Depending on a specified asset, there are cases where “Building coverage ratio” and “Floor area ratio” are subject to certain relaxation measures or restriction measures. In addition, where there are several floor area ratios that apply to a site, the floor area ratio is stated by converting to one that applies to the entire site.
- “Use district” of land is the type of use district listed in Article 8, Paragraph 1, Item 1 of the City Planning Act.
- “Site area” of land is based on that stated in the registry and may differ from the present state.
- “Type of ownership” of land is the type of rights of the real estate held by the trustee of the Property.
- “Construction completion” of building is the date of new construction in the registry. In addition, the date of extension, reconstruction, etc. are also stated, if any.
- “Structure / floors” of building is based on that stated in the registry.
- “Use” of building is the major type of building in the registry.
- “Total floor space” of building is based on that stated in the registry, and annex buildings are separately stated, if any.
- “Type of ownership” of building is the type of rights of the real estate held by the trustee of the Property.
- “Master lease company” is the company that has concluded or the company that is scheduled to conclude a master lease agreement that is valid as of today for the Property.
- “Type of master lease” is the main type of master lease agreement concluded or scheduled to be concluded as of today, where “Pass-through” is a master lease agreement in which the master lease company shall pay the same amount of rent as the rent payable by end tenants to the master lease company and “Rent guaranteed” is a master lease agreement in which the master lease company shall pay a fixed amount of rent.
- “Appraisal value” is the appraisal value stated in the appraisal report prepared by Japan Real Estate Institute. The value is rounded down to the nearest million yen. The appraisal value does not guarantee or promise the possibility of current of future transaction at the appraisal value. Furthermore, there is no special interest among the Appraiser, NIPPON REIT and SRA.
- “PML” indicates the PML value (probable maximum loss) calculated in the earthquake risk analysis evaluation requested by Tokio Marine dR Co., Ltd., as part of the due diligence when NIPPON REIT acquired the trust beneficiary interests. “Probable maximum loss” means the probable maximum loss rate due to an earthquake, and here means the extent of damage (physical loss amount equivalent to a 90% probability of not being exceeded in the event of the occurrence of the said earthquake) due to the maximum magnitude earthquake (a major earthquake with a recurrence period of 475 years = an earthquake that occurs with a 10% probability of exceeding in the next 50 years) expected during the expected planned period of use (50 years = the useful life of a general building), expressed as a percentage of the replacement cost of the damage.
- “Collateral after acquisition” is whether or not collateral is scheduled to be established after acquisition of the real estate trust beneficiary right by each party.
- “Status of leasing” is based on the figures and information provided by the previous owner or the trust beneficiary, etc. regarding the content, etc. of the lease agreement, etc. that is valid as of the end of June 2025, unless otherwise stated. Lease contracts cancelled due to non-payment of rent, etc. are also accounted for as effective lease contracts when collection of rent, etc. by guarantors, etc. is expected.
- “Leasable floor space” is the floor space regarded as being available for leasing based on the lease

agreement or building drawing, etc. of the building of each asset as of the end of June 2025 for the property. (Note 1)

- “Leased floor space” is the sum total of the leased floor space indicated in each lease contract or each provisional lease contract for the property as of the end of June 2025. (Note 1) However, in cases where a pass-through type of master lease agreement is scheduled to be concluded, the sum total of the leased floor space of end tenants indicated in each sublease contract or each provisional sublease contract for the property as of the end of June 2025. Furthermore, because there are cases where leased floor space indicated in lease contracts, etc. includes the portion not included in total floor space, there are cases where total leased floor space may exceed total floor space.
- “Occupancy rate” is the ratio of the leased floor space to the leasable floor space for the property at each date stated and rounded to one decimal place.
- “Total number of tenants” is the sum total of the number of tenants in the lease agreement of each property as of the end of June 2025. Furthermore, in cases where a pass-through type of master lease agreement is scheduled to be concluded for the concerned asset, the total number of end tenants (Note 1) is stated. However, even in the case of a pass-through type of master lease agreement, in cases where the sub lessee subleasing the entire property from the master lease company has been entrusted with property management and shall pay fixed rent to the master lease company, the total number of tenants is stated as 1.
- “Total rent income (annual)” is the annual rent, or the amount annualized by multiplying the monthly rent by 12, for the building indicated in each lease contract or each provisional lease contract for the property as of the end of June 2025 (Note 2) and rounded down to the nearest million yen. However, in cases where a pass-through type master lease agreement is scheduled to be concluded between the master lease company and the lessor, etc. in which, in principle, the rent, etc. from end tenants is received as is, the annual rent, or the amount annualized by multiplying the monthly rent by 12, indicated in each sublease contract or each provisional sublease contract with end tenants for the property as of the end of June 2025 (Note 2), and rounded down to the nearest million yen is stated.
- “Deposits, etc.” is the sum total amount of tenant leasehold and security deposits required based on each lease agreement as of the end of June 2025 (limited to the tenant leasehold and security deposits based on the lease agreement for the leasing space occupied as of the same date) and rounded down to the nearest million yen. In cases where a master lease agreement is scheduled to be concluded for the concerned asset, the sum total amount of tenant leasehold and security deposits required based on the lease agreement concluded with end tenants, and rounded down to the nearest million yen is stated.
- “Special notations” indicate, in general, items believed to be important in terms of the respective relationship of rights and use of each asset as well as items believed to be important in consideration of their impact on the appraisal value, profitability, and possibility of disposal of such asset based on the information as of the date of this press release.

Note 1: Excluding warehouse, signboard, parking lot, etc.

Note 2: For the Property under several lease agreements, the sum total amount thereof. In addition, common area maintenance charges are included, but warehouse, signboard, parking lot, etc. usage fees are not included, and rent-free period is not considered (excludes consumption taxes).

5. Overview of the Purchaser

The purchaser of the Transfer is a domestic company. However, details are not described in this press release because consent has not been obtained from the purchaser to disclose its name, etc.

There is no capital relationship, personnel relationship or business relationship to be stated between NIPPON REIT or SRA and the purchaser. The purchaser does not fall under the category of related party of NIPPON REIT or SRA. In addition, the purchaser does not fall under the category of any interested party or sponsor-related party, as of today.

6. Overview of Brokerage

A-74 REID-C Iidabashi Building

A-75 REID-C Gotenyama Building

The brokers of the Transfer above is a domestic company.

There are no capital relationship, personnel relationship or business relationship to be stated between NIPPON REIT or SRA and the brokers. The brokers do not fall under the category of related party of NIPPON REIT or SRA. In addition, the brokers do not fall under interested persons

stipulated in SRA's internal rules, "Rules on Transactions by Interested Persons" as of today.

7. Form of Payment, etc.

The settlement of the Transfer is scheduled to be effected by receiving a down payment equivalent to 5% of the planned transfer price on the scheduled contract date, and the remaining balance on the scheduled transfer date.

The proceeds from this transfer are intended to be allocated to future initiatives aimed at enhancing unitholder value.

8. Future Outlook

The impact of the Transfer on the management status for the fiscal period ending December 31, 2025 (from July 1, 2025 to December 31, 2025), announced in the "Summary of Financial Results for the Fiscal Period Ended December 31, 2024 (REIT)" dated February 19, 2025, is expected to be minimal, and no revisions have been made to the previously announced forecast.
